About the College

Andhra Loyola Institute of Engineering and Technology (ALIET) is a sister institution of the reputed Andhra Loyola College, Vijayawada. These two institutions are administrated and run by Loyola College Society, Guntur-Vijayawada. ALIET was approved by AICTE- New Delhi, on 04-06-2008 and also an ISO 9001:2015 certified institution. The institution is recognized by the Government of Andhra Pradesh and affiliated to JNTUK. The institute is offering 6 UG programmes in engineering with 540 intake, 2 PG programmes in M.Tech, and MBA. Our institute is running with the 100KW solar power.

The college imparts VALUE CENTERED education, very much the need of the present socio- scenario which requires technology with a human face. ALIET continues with its tradition of providing holistic education, much like its sister concern the Andhra Loyola College, Vijayawada. We have a high intensity and a high impact academic program that keeps our students interested and excited to learn.

Vision of Institute:

In accordance with the Jesuit vision of higher education ALIET imparts technical education with integral formation which involves academic excellence, spiritual growth and social commitment and value based leadership.

Mission of Institute:

The mission of our Jesuit education is to form 'men and women for others' and mould them as global citizens with competence, conscience and compassionate commitment. Special concern is shown towards socially and economically marginalized students.

About the Department

The Electrical & Electronics Engineering department was started with UG programme in 2008 with an intake of 60. The department has well talented, qualified, experienced & dynamic faculty along with skilled technical supporting staff who spearhead the process of achieving the vision of the department. The department has IIT&MIT video lectures, and internet leased speed of 65Mbps, Digital library IEEE e-journals and well equipped labs & infrastructure. Many of our student's technical papers have been published in various national & international technical symposiums. A good number of students are being placed through campus placements core MNC companies every year

Objective

The National Conference has the objective of highlighting the problems of Emerging Technologies in Solar, Fuel cells together with technology developments in solid state drives. The conference will provide platform to exchange the knowledge in these thrust areas together with other Computers, Electronics, Communication, Electrical disciplines.

Call for Papers:

Original and unpublished research papers are invited from PG students, research scholars, Faculty, Industry Persons and scientists in the following areas of interest:

- ❖ Solar Power Generation
- ❖ Integration of Solar Power to Grid
- ❖ FACTS
- ❖ Electric Drives and Their Control
- ❖ Smart Grid and Configuration of Distribution Systems
- ❖ HVDC
- ❖ Power Systems and Power Electronics
- ❖ Transducers and Instrumentation Systems
