Polytechnic Post Office Road, Beside Kaladarsini,

Krishna (Dist.), Andhra Pradesh-520 008

Ph: 0866-2476161

## ABOUT THE COLLEGE

Andhra Loyola Institute of Engineering and Technology (ALIET) is a sister institution of the reputable Andhra Loyola College, Vijayawada. These two institutions are administered and run by the Loyola College society, Guntur-Vijayawada. ALIET was approved by AICTE, New Delhi, on 04-06-2008. The institution is recognised by the Government of Andhra Pradesh and affiliated to JNTU, Kakinada. The college imparts VALUE CENTERED education, very much the need of the present socio scenario which requires technology with a human face. ALIET continues with its tradition of providing holistic education, much like its sister concern the Andhra Loyola College, Vijayawada. We have a high intensity and a high impact academic program that keeps our students interested and excited to learn.

## ABOUT THE DEPARTMENTS IT & CSE

The Departments of Information Technology & Computer Science and Engineering has started on 2008 with 60 as IT strength and 120 as CSE strength. The Departments has well experienced faculty members. It offers certificate courses and value added courses for the students.

## ABOUT THE FDP

The Cloud Infrastructure and Services (CIS) course educates Faculty about cloud deployment and service models, cloud infrastructure, and the key considerations in migrating to cloud computing. The course covers technologies required to build classic (traditional), virtualized, and cloud data center environments.

These technologies include compute, storage, networking, desktop and application virtualization. Additional areas of focus are backup/recovery, business continuity, security, and management. Upon completing this course, students will have the knowledge to make informed decisions about migrating to cloud infrastructure and choosing the best deployment model for an organization.

## RESOURCE PERSONS

From ICT Academy

ICT Academy is an initiative of the Government of India in collaboration with the state Governments and Industries. ICT Academy is a not-for-profit society, the first of its kind pioneer venture under the Public-Private-Partnership (PPP) model that endeavours to train the higher education teachers and students thereby exercises on developing the next generation teachers and industry ready students.

ICT Academy was started to meet the skill requirements of the industry and generate more employment especially in tier 2 and 3 towns, the rural parts of the country. The organization was formed with representations from the State Government of Tamil Nadu, leading companies in the ICT industry and National Association of Software Services Companies (NASSCOM) in India.
