1<sup>st</sup> Prize ( Essay writing) **Kalluru Jasmeen** - 2<sup>nd</sup> year ECE-1

## Teacher

Teachers are a special blessing from god to us. They are the ones who build a good nation and make the world a better place. A teacher teaches us the importance of a pen over that of a sword. They are much esteemed in society as they elevate the living standards of people. They are like the building blocks of society who educate people and make them better human beings.

They inspire us to do great things in life. We learn how to be selfless by teachers. Teachers unknowingly also teach very important lessons to a student. This makes a student feel secure and that they know a teacher plays the role of a parent in school.

“The quantity quality of nation depends upon the quality of its citizens, the quality of citizens depends upon the quality of their education; the quality of education depends upon the teachers; and the quality of teachers depends upon the quality of teacher education among other factors.”

- Gulab Chaurasia

Teachers are arguably the most important members of our society. They give children purpose, set them up for success as citizens of our world, and inspire them a drive to do well and succeed in life.

"A good teacher is like a candle. it consumes itself to light the way for others."

Teachers are the real pillars in the lives of students who not only shape our lives but also enable us to keep burning like light even after the darkness in the whole world. Because of this, our nation can become enlightened with lots of light. Therefore, all teachers in the country are respected.

It is said that no profession can be compared to teaching. This is the noblest work in the world. September 5 is celebrated every year to honor teachers and to remember the birthday of Dr. Sarvepalli Radhakrishnan, the former president of India. The birthday of our former president has been dedicated to mentioning the greatness of the teaching profession along with the contribution of our teachers in the development and society of the country.

Happy Teachers Day

1<sup>st</sup> Prize (Poetry writing) **D. Lalitha** 3<sup>rd</sup> year CSE-1

## *TEACHER*

An abode of knowledge,  
Who abide by simplicity;  
In a home away from home awaits a teacher,  
To build our future!  
Caringly angry,  
Soberly humorous,  
Vigilantly liberal,  
Their teaching styles run innumerable!  
Swiftly and firmly,  
They take out a piece of chalk,  
That looks bright and white,  
Like a star in the night!  
In the night of ignorance,  
To bring the light of knowledge!  
There awaits a black long board,  
To get adorned with their writings,  
The writings which change our fate!!  
And in the end if we get flummoxed,  
They reiterate without getting vexed!  
After a day-long arduous work,  
They never feel tedious,  
But spring back with cheerful attitude,  
Looking into the student's eyes which sparkle with gratitude!

A sword named 'pen' lies in their table corner,  
With its ink-blood red, like a victorious king's honour!  
With which they grade us in a royal manner!!  
Those who're confused about choosing a profession and suffer,  
And if teaching is in the list of what you prefer,  
I'd suggest you to start away without any defer,  
And you'll be the most satisfied person, I confer!!

**1<sup>st</sup> Prize** (Poster making) **V. Rochana** 2<sup>nd</sup> year CSE-2
