About ALIET

Andhra Loyola Institute of Engineering and Technology (ALIET), a sister Institute of Loyola College Chennai, St. Xavier's Mumbai, St. Xavier's Calcutta, XLRI, St. Joseph's Bangalore, is one of the premier Institutions that sets high standards in Engineering and Management Education in and around the Capital Region of Amaravati, A.P, ALIET, was established in the year 2008 by the Loyola College Society, Guntur-Vijayawada, to realize the Jesuit Vision and with an aim to take technical and management education to students, especially to the underprivileged and the more deserving youth of the state. The institution is accredited by NAAC, NBA, and ISO 9001:2015 Certified.

About Department

The Department of Master of Business Administration at ALIET was established in 2009. Since its inception, the department has made giant strides towards quality in management education. The MBA program at ALIET aims at Leadership Development, Experiential Learning and Academic Excellence. It is highly customer centric, customized and comprehensive and it attracts the best of students and faculty.

Vision of the Department:

- To produce high caliber management professionals with a passion for academic excellence, uncompromising human values and sensitive social conscience.

Mission of the Department

- M1 - To offer enriching learning experiences to aspiring managers
- M2 - To enable them to realize their full potential
- M3 - To ensure that they serve as agents of continuous improvement and change
- M4 - To encourage entrepreneurship and service

About FDP

Innovation is the hallmark of today's business management. The ever-changing expectations of the customers, challenge of creating and sustaining one's space in the market is compelling leadership teams to be innovative and to revisit their existing business models. Companies are expecting their employees to think out of box and come with innovations. The Government is also promoting entrepreneurs and startups with innovative ideas. As management faculty, it is our responsibility to train our students to be industry ready. In this direction, The Department of MBA, Andhra Loyola Institute of Engineering and Technology aims to conduct a Five-Day National level Faculty Development Program on "Promoting Innovations in Business Management" with eminent resource persons from Academia and Industry to keep ourselves abreast of the innovations in various fields of management so as to transfer the same knowledge to budding entrepreneurs and intrapreneurs.

29-07-2021	10:00 AM- 11:30 AM	White toppings on roads

A Report on
Three Day National Level FDP on “Recent and Emerging Trends in Civil Engineering”
Organized by
Civil Engineering Department

Title: Three Day National Level FDP on “Recent and Emerging Trends in Civil Engineering”

Date(s): 27th to 29th July, 2021

Preamble:

Aim of three day national level FDP is to facilitate up gradation of knowledge related to civil engineering, skill and intends to provide opportunities for induction training to teachers employed in disciplines of engineering & technology. On the day-1 of the FDP topic related to concrete concepts were discussed with case studies. On the day-2 FDP topic related to “understanding the building failures”-Remedial measures and rehabilitation techniques of cracks in concrete structures and case studies were discussed. On the day-3 of the FDP topic related to white toppings on roads with case studies. Faculty showed good response during 3 days session.

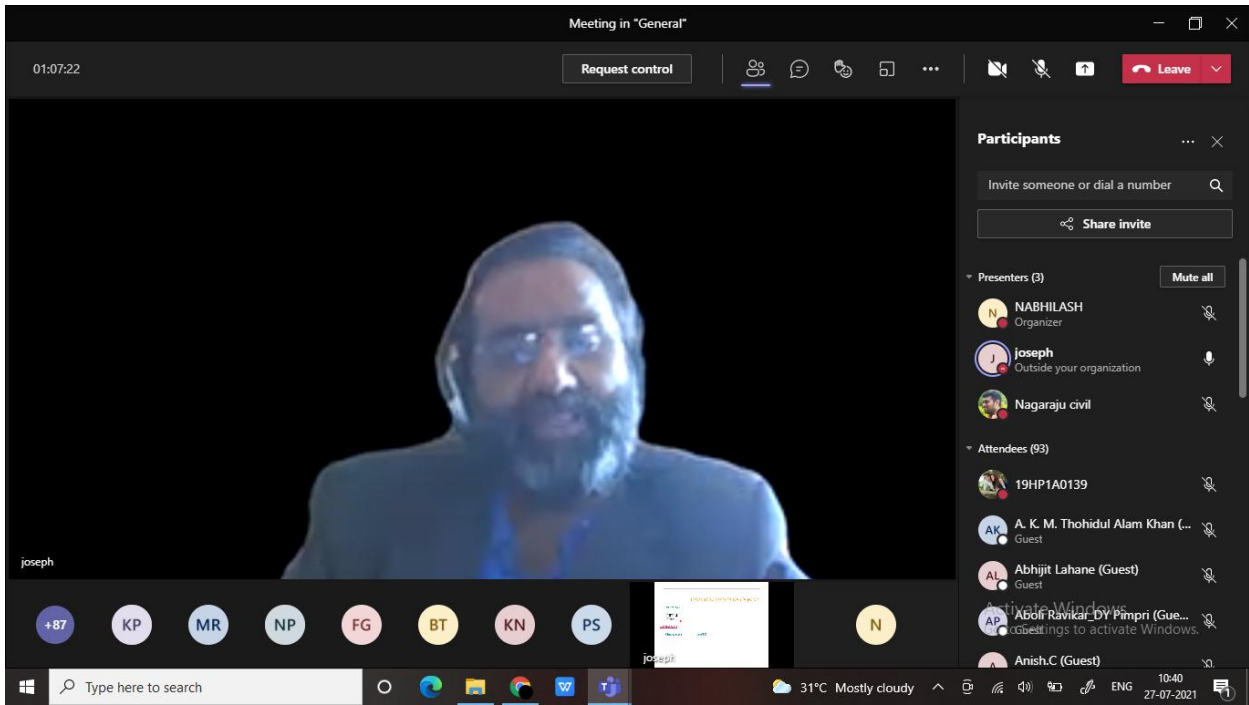

Participant’s profile: Faculty of ALIET & other colleges have participated in the Program. 341 faculty members have participated in the program conducted.

The screenshot shows a Zoom meeting interface. The main window displays a presentation slide titled "CHARACTERISTICS OF CEMENT". The slide content includes:

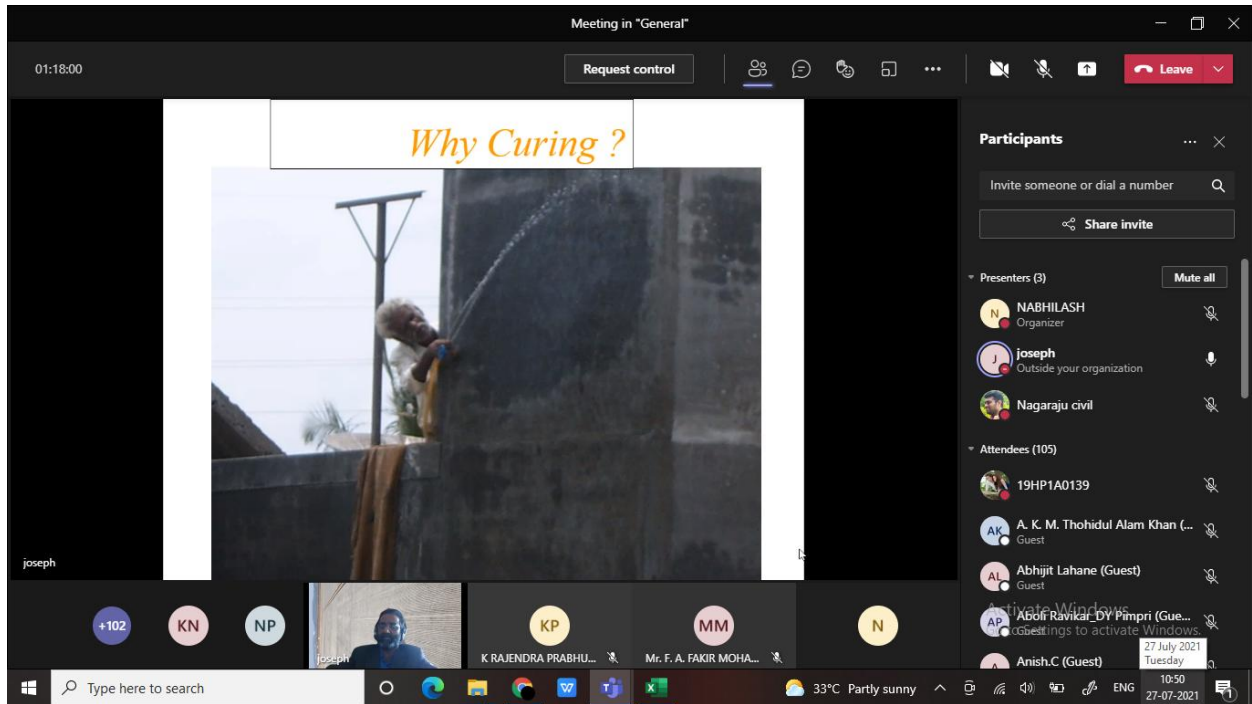

- SETTING** (underlined in green)
- INITIAL
- FINAL
- STRENGTH** (underlined in red)
- Time (Days)
- RATE

The meeting controls at the bottom show 87 participants, with a list of presenters and attendees on the right. The system tray at the bottom indicates the time is 10:39 on 27-07-2021, with a temperature of 31°C and weather of "Mostly cloudy".

ANDHRA LOYOLA INSTITUTE OF ENGINEERING AND TECHNOLOGY: VIJAYAWADA - 520 008

Department of Electrical & Electronics Engineering

**A Five-Day National Level online FDP on
Grid integration of Renewable Energies & Block chain
Technology**

From 21st to 25th June, 2022.

About ALIET

Andhra Loyola Institute of Engineering and Technology (ALIET) - a sister Institution of Andhra Loyola college Vijayawada, Loyola College Chennai, St. Xavier's Mumbai, St. Xavier's Calcutta, XLRI, St. Joseph's Bangalore - is one of the premier Institutes that sets high standards in Engineering Education, in and around the Capital Region of Amaravati, A.P. ALIET was established in the year 2008 by the Loyola College Society, Guntur-Vijayawada, to realize the Jesuit vision and with an aim to take technical education to students, especially to the under privileged and the more deserving youth of the State.

Vision:

In accordance with the Jesuit vision of higher education ALIET imparts technical education with integral formation which involves academic excellence, spiritual growth and social commitment.

Mission:

The mission of our Jesuit education is to form 'men and women for others' and mould them as global citizens with competence, conscience and compassionate commitment. Special concern is shown towards socially and economically marginalized students.

Grid integration of Renewable Energies & Block chain Technology

About the Department

The Electrical & Electronics Engineering Department was started with UG programme in 2008 with an intake of 60. The department has well qualified, experienced & dynamic faculty along with skilled technical supporting staff who spearhead the process of achieving the vision of the department. The department has well equipped labs & infrastructure. Till now 6 batches have passed out. Many of our students' technical papers have been published in various national & international technical symposiums. A good number of students are being placed through campus placements in core MNC companies every year.

Department's Vision:

To mould the students as eminent Electrical & Electronics Engineers by providing quality education with skills and character to serve the society.

Department's Mission:

M1 - To provide high quality teaching and services that render students a supportive environment.

M2 - Making the effort to mould the students to be the problem solvers, to be able to apply engineering principles to electrical systems.

Program Educational Objectives (PEOs):

PEO1: Graduates shall have a solid foundation in Mathematics, Science, Electrical, Electronics and allied engineering applications, capable of analyzing, design and development of systems for Energy Generation, Transmission, Distribution, Operation and Control.

PEO2: To develop engineers with broad perspective and orientation to work for the electrical equipment manufacturing industries in the fields of electrical machines, drives and controls.

PEO3: To train the students with strong background in electrical engineering sciences for research and higher education & to increase the capabilities of students to face competitive exams.

PEO4: To develop engineers with broad perspective and orientation to work in the area of Non conventional energy resources with social and environmental concern.

About FDP

In this advanced era, groundbreaking technologies are introduced on a daily basis. Therefore, it is necessary to stay updated with these technologies and move ahead. In this regard, A **Five-day National Level FDP** is planned by the **Department of EEE, Andhra Loyola Institute of Engineering and Technology, from 21st to 25th June, 2022**. This FDP paves a platform for the Electrical Engineers to get connected with the technological advancements in the field of Electrical Engineering. Eminent personalities from industry and institutions will address in the meet.

Resource persons:

Dr. G. RAVI KUMAR - Prof. and Head, Dept. of EEE, Bapatla Engineering College, Andhra Pradesh.

Dr. D.RAKESH CHANDRA - Asst. Professor, Dept. of EEE, KITS Warangal, Telangana.

Dr. M.SANTHOSH – Post Doctoral fellow, University of North Carolina, Charlotte.

Major Topics to be covered by the Resource persons:

1. Power system protection.
2. Grid Integrated Renewable sources.
3. Wind power - Grid integrated issues.
4. Power system stability and Demand side management
5. Block chain Technologies
6. Micro-grid: Key issues and challenges.

Organizing Committee:

Chief Patron

Rev. Fr. P. Bala Showry, S. J., Rector, Andhra Loyola Institutions.

Chief Coordinator

Rev. Fr. Dr. A. Francis Xavier, S.J., Secretary & Director, ALIET

Chairman

Dr. O. Mahesh, Principal, ALIET

Patrons

Rev. Fr. D. Balaswamy, SJ ., Assistant
Director

Rev. Fr. N. Britto Martin Paul , SJ .,Assistant
Director

Coordinator

Mrs. V. Anantha Lakshmi, Assistant Professor, Dept. of EEE

Mr. D. Ravi Kiran, Assistant Professor, Dept. of EEE

Convener

Dr. G. Naveen Kumar, HOD, EEE.

Advisory Committee / Technical Support:

Dr. M. Ajay Kumar, Associate Prof., Dept. of EEE.

Mr. G. Gantaiah Swamy, Asst Prof., Dept. of EEE.

Mr. L. Karunakar, Asst Prof., Dept. of EEE.

Mr. T. Krishna Mohan, Asst Prof., Dept. of EEE.

Mr. M. Rama Krishna, Asst Prof., Dept. of EEE.

Mr. M. Ramesh Kumar, Asst Prof., Dept. of EEE.

Note:

1. FDP is for all **Teaching faculty of** Private/ Govt. Engg. Colleges.
2. There is **No Registration fee.**
3. The programme will be **conducted in online mode** only.
4. The daily program is for **1hr 30 min.** on all the Five days
(**from 10.00 AM to 11:30 AM**)
5. **E-certificates** will be given only to the faculty who successfully completes the programme.

For any queries, you may contact:

Mrs. V. Anantha Lakshmi / Mr.D.Ravikiran

9290812971/9966606292

Registration Link:

<https://forms.gle/urgd85iJCERti119>

Kindly click on the above link for **Registration form.**

Last Date for Registration: 18th **June, 2022.**

Department of Electrical & Electronics Engineering

FDP REPORT

A Five day National Level On-line FDP was organized with the title “GRID INTEGRATION OF RENEWABLE ENERGIES & BLOCK CHAIN TECHNOLOGIES” From 21-06-2022 to 25-06-2022.

- **52 participants were successfully attended the FDP and received their participation certificates.**
- **Program was organized everyday on the above mentioned dates from 10.00am to 11.30 am through Microsoft Teams online platform.**
- **In this FDP Three resource persons delivered their Informative and knowledge filled sessions very effectively.**

Resource person's details:

Day 1 : - Speaker: Dr. D. Rakesh Chandra, Assistant Professor,
KITS Warangal, Telangana.

Topic: Issues and Challenges in Wind Power grid Integration

Day 2 : - Speaker: Dr. G. Ravi Kumar - Prof. & Head, Dept. of EEE,
Bapatla Engineering College, A.P.

Topic: IOT in fault analysis of grid integrated Renewable Energy Source

Day 3 : - Speaker: Dr. M. Santhosh, Post Doc. fellow,
University of North Carolina, charlotte, USA.

Topic: Block chain fundamentals and it's applications in energy trading.

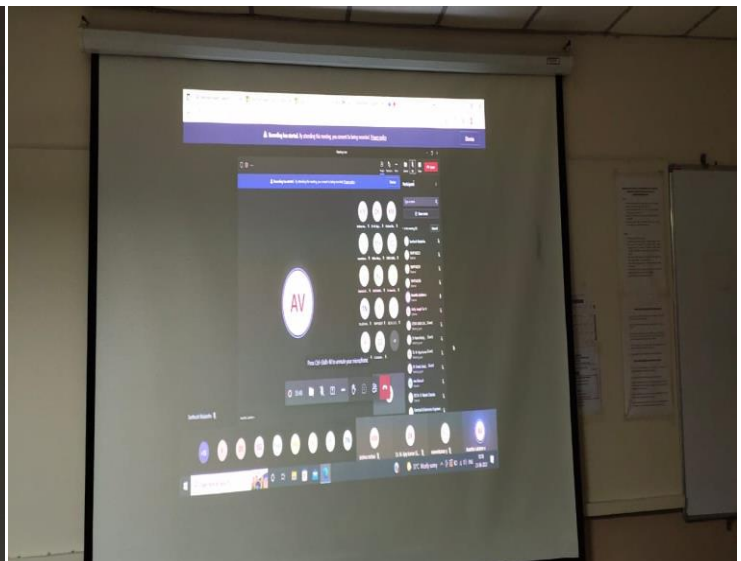

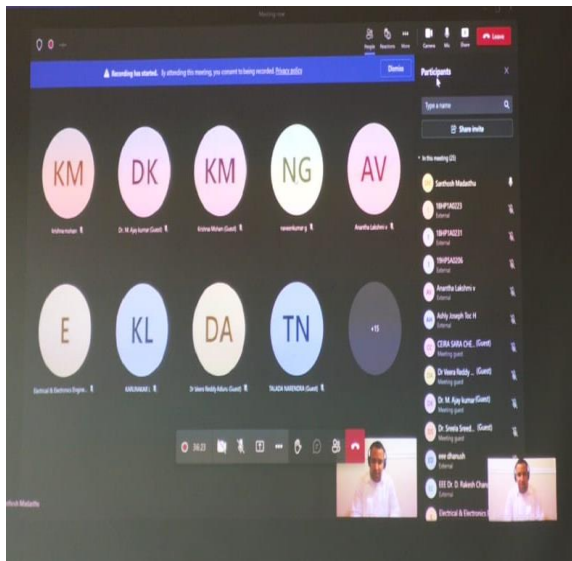

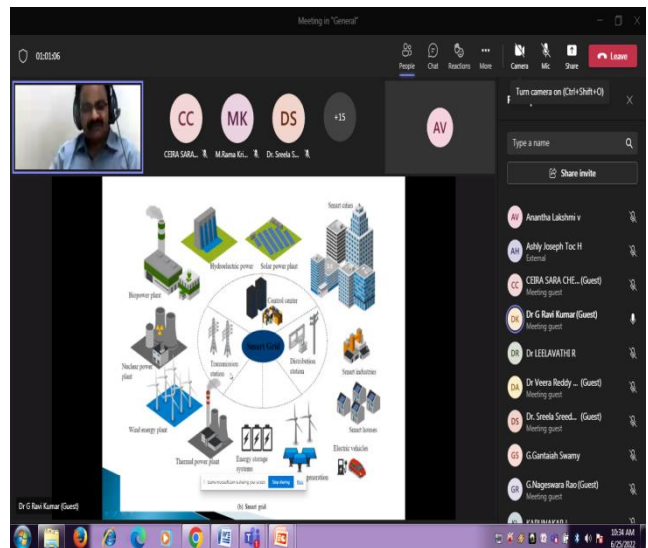

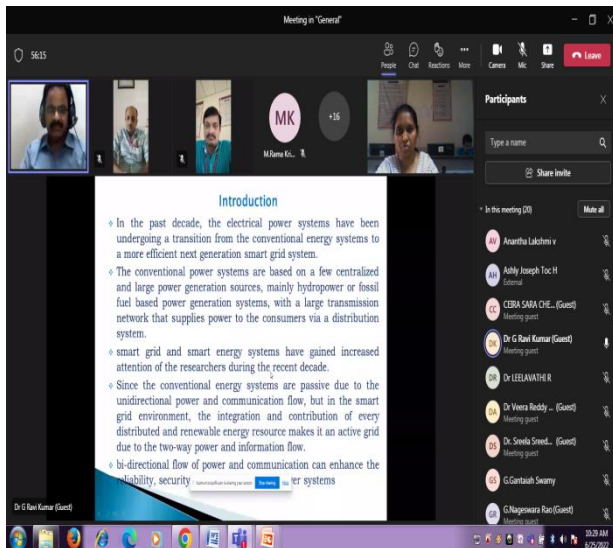

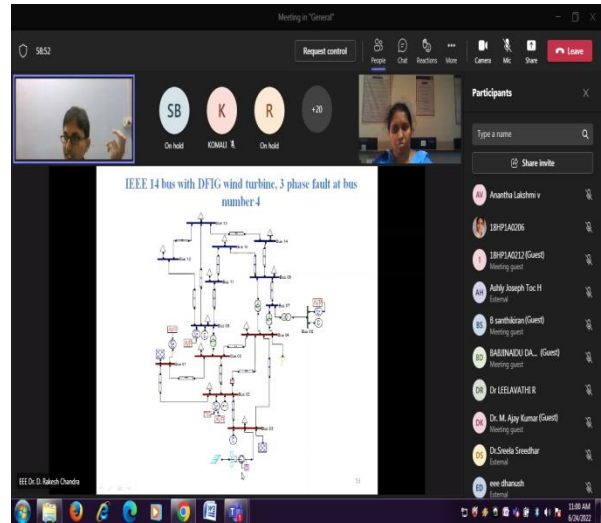

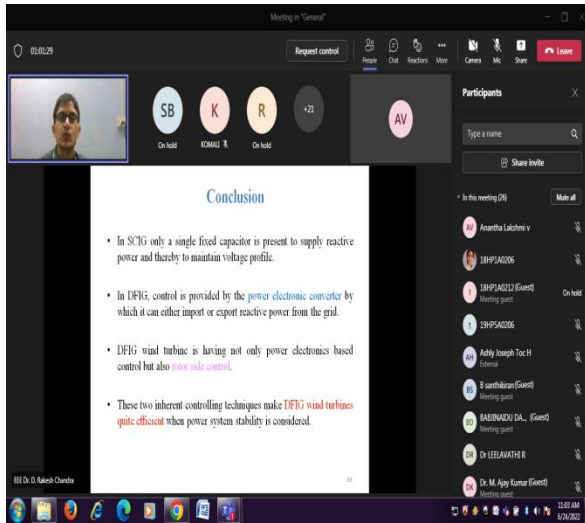

Day 4 : - Speaker: Dr. D. Rakesh Chandra, Assistant Professor,
KITS Warangal, Telangana.

Topic: Wind Power grid Integration and Demand side Management

Day 5 :- Speaker: Dr. G. Ravi kumar - Prof. and Head, Dept. of EEE,
Bapatla Engineering College, A. P.

Topic: Machine learning in fault analysis of grid integrated Renewable Energy Source.

Glimpses of the sessions:

Sample Participation Certificate:

Remuneration for the Resource person and account details:

About the College

Andhra Loyola Institute of Engineering & Technology was established in the year 2008. It is the sister institution of the reputed Andhra Loyola college, Vijayawada. The college is permanently affiliated to JNTUK, Kakinada and approved by AICTE-New Delhi. ALIET offers 6 Under Graduate programme & one Post Graduate programme with an intake of 600 students.

About the Department

The Department was established in the year 2010. It offers a four year Under Graduate programme with an intake of 120 students. The Department is supported by twenty dedicated and eminent faculty members. The department possesses highly advanced hardware and software tools. It also provides ample opportunities to students to work on mini projects, develop communication skills, explore internship opportunities in industry and take active participation in the National and International contests. Siemens Technical Skill Development Institute (TSDI) established by Andhra Pradesh Skill Development Corporation (APSSDC), Dassault Systems & German Centre for Engineering and Management Studies UG Aachen and European Centre for Mechatronics APS GmbH Aachen (Robotics Lab) provide state of the art training to the students for improving their practical exposure to cater to the needs of the present-day industry.

Department Vision

To become a competence center in the Mechanical Engineering discipline with strong academic and practical environment to reach the varying and stimulating needs of the current industry, research organizations, imparting social values to serve the society.

Department Mission

1. To deliver technical education leading to careers as Mechanical Engineering professionals in various fields.
2. To develop human resources required to analyze, design, manufacture and optimize the performance of mechanical, thermal and manufacturing systems.

Registration

Interested participants can register by filling the google form below. <https://forms.gle/OkUAKWFvLijqS2EB8>

Link will be shared to individual participants through mail.

E-Certificates will be provided after successful completion of FDP.

Participants

Cooling performance of vegetable oils

- Type of vegetable oil has a significant effect on the boiling stage of quenching.
- Castor oil had higher amount of unsaturated fatty acid than sunflower oil.
- The thermal instability of vegetable oil was strongly depends on the quantity of unsaturated fatty acid. Higher the amount of unsaturated fatty acid, lower is the thermal stability of vegetable oils.
- Castor oil was found to have very high viscosity but lower viscosity index (80). The nucleation of bubbles in castor oil is attributed to the decomposition of fatty acids at the metal/quenchant interface.
- The sunflower oil had lower viscosity but very high viscosity index (206) leading to continuous boiling of the fluid with no occurrence of bubbles during the second stage of cooling.
- **The results of this study indicate that collapse of vapour film was not fully by rupture process but by the formation of heated liquid layer for vegetable oil quenching.**

Dear Mr Srinivasa Reddy,

Thank you for the Invitation. I am very much excited to be a part of PTME. I would be sharing some thoughts about I.C.Engines.

I shall be delivering my lecture on EMERGING TRENDS IN INTERNAL COMBUSTION ENGINES.

Thank you again.

With regards,

Dr.G Amarendar Rao,
Director, PG Studies,
VBIT, Hyderabad.

FDP ON MICRO LESSONS

MARCH 23, 2022

For the Faculty of Andhra Loyola Institute of
Engineering and Technology

Prof. M J Xavier

FDP on Micro Lessons

Objectives

As we notice the shift from mass education to precision teaching that is customized, personalized, and individualized, micro-lessons and micro-teaching are gaining prominence. AI and analytics are redefining the role of a teacher by disaggregating many of the roles performed by the teachers. The ones who would survive in the future are those who can create their content in the form of micro lessons. As regards the delivery of education, the dominant mode is experiential learning which uses activities to stimulate the interest and creativity of the students.

Session Plan

9.30 AM TO 1.00 PM (WITH 30 MINUTES TEA BREAK)

MICRO LESSONS - A FUTURE TREND IN EDUCATION

- Changing Role of a Teacher
- Education in different periods (agricultural age to industrial age to information age)
- Pitfalls of present-day education
- Workplace over time
- Future of Work
- Skills needed in the future
- Future of education
- Flipped classroom and blended learning
- Just-in-time education
- Micro lessons and micro-teaching
- Technology-enabled education models

2.00 PM TO 5.00 PM (WITH 15 MINUTES TEA BREAK)

EXPERIENTIAL LEARNING FOR EFFECTIVE DELIVERY OF MICRO LESSONS

- Qualities of a good teacher
- Acharya Vs Guru
- Three types of students
- Learning styles (Visual, Auditory, Kinesthetic)
- Active Learning Methods
- Interdepartmental projects
- Flexibility in Approaches
- Role of humor in teaching
- Your Teaching Philosophy

Methodology

Role plays, Group discussions, Think-pairs, and occasional lectures will be used to deliver this program.

Expectation from the Participants

Come with an open mind. Let us put our heads together and explore what is going to be the future of education and how the teaching-learning methods are changing.

The Preparation of Micro- Lesson Plan was initiated by the IQAC of ALIET in the year 2019-20 and it continues to be the best practice of our college. Our Micro lesson plan preparation has added up a new outlook towards our lesson preparation. Bloom's Digital Taxonomy has been followed up by every staff member to make our classes lively and meaningful.

To this end, we the faculty members of the **Department of Science and Humanity** has prepared our Micro-lesson plan in a form of a booklet with proofs for the documentation of the same.
