

**1.1.3 Integration of Professional ethics, gender, human values, environment & sustainability into the curriculum.**

The curriculum prescribed by JNTUK-Kakinada has integration of various courses such as:

- **Professional Ethics**– This course teaches students to make a right judgement in any challenging situations of life. They are informed to make a right decision in both **professional and personal life**. In addition to this, **value education** is also taught to the students. In the recent guidelines JNTUK had in cooperated **Universal Human Values (UHV)** as a part of **induction programme** into the curriculum. Faculty members are well trained and certified on the **UHV by AICTE**.

Course code: VA38

Degree: B. Tech 1st year

Outcome: To understand the importance of values in life.

Unit -1: Personal Integrity

Integrity includes a controversial value within the medical community truth telling. Absolute honesty has been championed by many who feel that the patient, no matter what the circumstances, has the right to know the truth. Honesty must be tempered with compassion.

Unit -2: Assessing Patient Values

A key to making ethical decisions at the bedside is to know the values of the stakeholders.

Unit -3: Decision-making Capacity and Consent

Stake holders may exercise their autonomy and an ethical engineer is guided by ethical principles in this respect.

Unit -4: Beneficence

Beneficence is doing good. Engineering professionals enter their career to apply this principle with the help of.

Unit -5: Distributive Justice (Fairness)

The concept of comparative or distributive justice suggests that a society's comparable individual persons and groups should share similarly in the society's benefits and burdens.

- **Gender** – ALIET offers equal opportunities to young women. **There is no gender bias as all are treated equally.** The very fact that more **girl students prefer to join the Institute is an indication that they feel safe and secure** there. Several measures are taken to ensure that women and girls are well protected. Parents/ Guardians are properly informed, especially on orientation day, about the safety and security of their children/ wards. A qualified Psychologist, with a Ph.D. is appointed for personal counselling and guidance. The college has an **exclusive room for guidance and counselling.** The women’s cell organizes counselling sessions involving also external experts. **Gender equity programs are also organized by the women’s cell of ALIET. Various texts on gender related issues are in cooperated into the syllabus of I year B-Tech Students.**

English Syllabus focusing on Gender Aspects:

UNIT III

Lesson-2: Shakespeare’s Sister by Virginia Woolf from “The Individual Society”, Pearson Publications. (Non-detailed)

UNIT IV

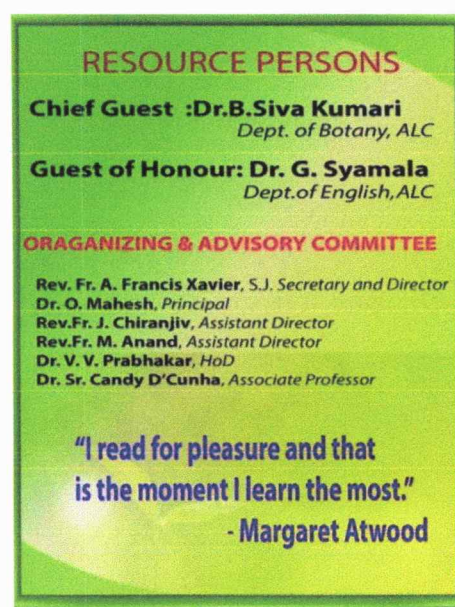

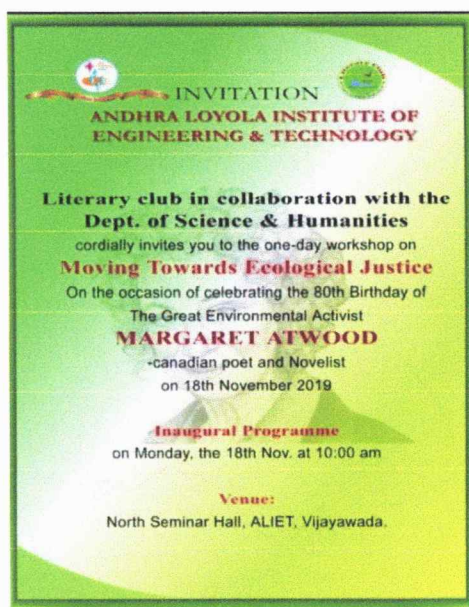

Lesson-1: Liking a Tree, Unbowed: Wangari Maathai-biography from “Infotech English”

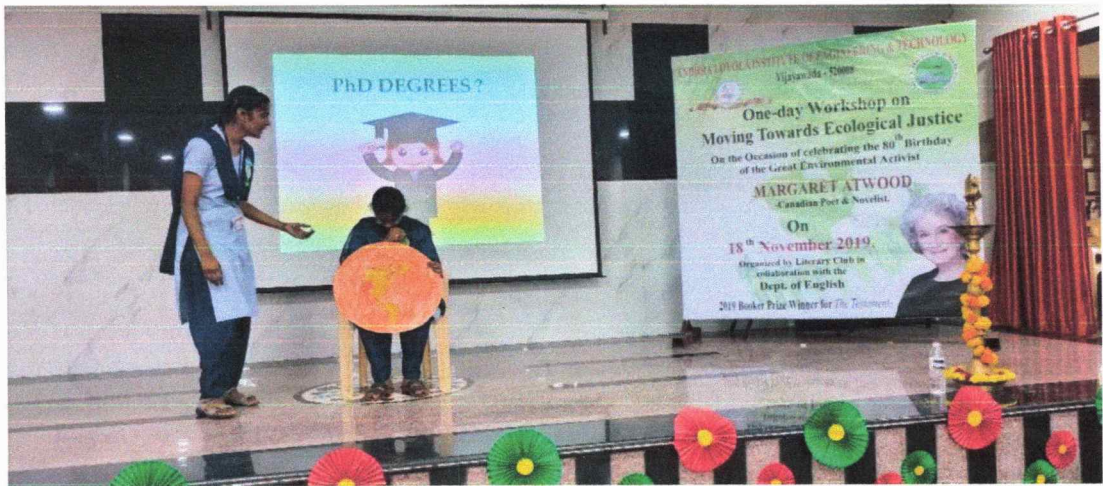

UNIT V

Lesson-2: Still, I Rise by Maya Angelou from “The Individual Society”, Pearson Publications. (Non-detailed) MaruthiPublications

- **Environment & sustainability in the syllabus-**

As a part of an **academic activity** the department of English conducted an event **entitled Moving Towards ecological Justice** on 18th November 2019 to commemorate Margaret Atwood’s 80th Birthday. Nearly 120 students actively participated in the event. They presented go green posters and also symbolically planted saplings as a mark of ecological practices. The Chief Guest Dr. B. Siva Kumari, Dept of Botany, ALC and Dr. G. Syamala, Dept of English, ALC enlightened the students on ecological initiatives in the globalized era. The activity was conducted as a part of academic activity. Students were sensitized on various issues related to environment.
