

5.3.2 Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms

The students actively participate in the various committees of the Institution, namely, IQAC, IETE students' Chapter, Green Guards (Eco-Club), Class Review Committee, Cultural Committee and Departmental News Letter Committee. They get involved in the planning, organizing and execution of events. Faculty members are restricted to play the role of facilitators. By encouraging students to get actively involved in these activities, they are given an opportunity to fine tune their communication skills, essential skills, team work skills, problem solving skills and leadership qualities, etc.

- **IQAC:**

The IQAC of the college takes initiatives in creating a learner-centric environment, organizing inter and intra-institutional workshops and seminars in internalizing the quality and culture of the Institution. The committee documents the events and communicates the same to the internal departments. The student coordinators of IQAC gain first-hand experience about the quality improvement activities of the college which provide a promising learning environment. They take part in the execution of intra-institutional workshops and seminars.

- **IETE' Students 'Chapter:**

The institution of Electronics and Telecommunication Engineers students' chapter is a professional body which provides a common platform for the student members to share their ideas and knowledge on various topics, like curriculum, employment, progression to higher education, emerging trends in technical education, etc.

- **Green Guard (Eco-Club):**

The Eco-club of the college conducts various programmes and activities to spread environmental consciousness and works towards nurturing a responsible attitude among the student community towards the environment. It enables the students to respond meaningfully to environmental issues. The student representatives of the eco-club take part in green audit, plantation and cleanliness drives, both within and outside of the college.

- **Class Review Committee:**

The heads of various departments in the college select the students who have leadership qualities as class representatives. These class representatives play the role of

facilitators between the students and teachers. Class review meetings consisting of the Director, Principal and class representatives of each class are held twice in a semester. The class representatives express their problems related to syllabus completion and teaching and learning process.

- **Cultural Committee:**

ALIET organizes Ventura - a Cultural Fest every year, to inculcate a sense of cultural integrity into the students. The committee selects student coordinators to plan and execute the cultural fest in the college. The student coordinators of the committees pare no trouble in making this event a great success.

- **Departmental Newsletter Committee:**

The students are encouraged to participate in the Departmental News Letter Committee, through which they can improve their professional communication skills, editorial skills and rational thinking. These students report, document and publicize the various events organized in and by the department.

- **Literary Club:**

The Literary club of ALIET is a hub of knowledge to develop self-efficacy and the confidence level of the students. The activities of the club can, in a way, enhance their general knowledge, basic skills and language proficiency. Students master skills in the art of writing and speaking by conducting various events that are both instructional and enjoyable.

- **Energy Conservation Club:**

The main objective of this club is to enrich the students with an abundance of technical skills and to improve their life skills. This club is intended to give them more exposure on the real time issues through various activities and encourage them to find solutions to them. It also aims at encouraging the students to imbibe an entrepreneurship culture among the EEE graduates.

- **Photography Club:**

Capturing the best moments through the lens is a special art. The members of the Photography club capture the beautiful images of all the activities conducted in the college. This club provides opportunities for students to develop their skills in capturing precious and memorable moments on the campus.

- **Women's Club:**

The women graduates of the college find umpteen opportunities to empower themselves by participating in the different activities offered by the Women's club. The

students take the lead in organizing various activities of the college, like self-defense mechanism, health and hygiene, cyber-mitra, international women's day, etc.

- **Magis Club:**

“MAGIS’- is a club aspiring for greater things”. *Magis* - club is recognized by AICTE under the SPICES programme, i.e., **Scheme for promoting interests, creativity and ethics among students**. The objective of this Club is to inculcate the zeal for innovation and creativity among students by making them adhere to ethical values in all their endeavours.
