

6.1.2.MAGIS Club

Magis is ALCTE sponsored project under the scheme -SPICES. At Andhra Loyola Institute of Engineering and Technology, all students are challenged to strive for the *MAGIS*, aspiring for greater things. Our college is highly gifted and offering talent development program is an important part of this. The programme aims to help students turn their potential into action and maximize their abilities in order to better serve their communities and the world. Some events are reserved for **magi's students only**, but many others are open to all the students.
